OUR CUSTOMER PROMISE

OEM QUALITY FOR SAFETY AND FUNCTIONALITY

The Corteco supplier plants of the Freudenberg Group, as well as its partner plants, are audited and certified based on the current standards of the international automotive industry (IATF 16949, ISO 9001 ff, ISO 14001, ISO 45001).

As development partners to the automotive industry, all supplier plants have fundamental expertise and highly effective technical development processes with modern testing capacities.

Our key objective is to measure up to Corteco's customers' expectations - guaranteeing certified quality, safety and functionality of all Corteco products.

FOUR EXPERTS, ONE GOAL

A COMPLETE RANGE OF STEERING AND SUSPENSION PARTS
